

NOTICE FROM THE ASSESSOR’S OFFICE

The Town Board recently approved a change in the Taxable Status date for the Assessment Roll to May 1 of each year. Previously the taxable status date was June 1 of each year. The date for release of the Tentative Assessment Roll remains the same (June 1) and the date of value for the assessment roll is unchanged (July of prior year).

Of importance to your residents is that **all exemption applications will be due on or before May 1 of each year.** We have revised all exemption applications to reflect the date change and advised the State of New York to revise the date on their website.

If you have any further questions please contact the Assessor’s Office.
